TOWN WARRANT

(L. S.) STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of North Hampton, N. H., the County of Rockingham in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town hall in said North Hampton on Tuesday, the Ninth day of March next, at one of the clock in the afternoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations for the same.
3. To see what action the Town will take regarding the accepting of State Aid for roads.
4. To see what action the Town will take regarding the accepting of State Aid for Winnicut Road and appropriate the sum of two thousand dollars for the same.
5. To see what action the Town will take regarding the extension of street lights on Lafayette Road from the residence of Henry F. Drake to Sunshine Park so-called and appropriate money for the same.
6. To see what action the Town will take regarding the suppression of the White Pine Blister Rust and appropriate money for the same.

7. To see what action the Town will take regarding the purchasing of more land for the Center Cemetery and appropriate money for the same.

8. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this Tenth day of February, in the year of our Lord nineteen hundred and twenty-six.

IRVING W. MARSTON,
HERMAN L. NORTON,
MELVIN P. LOCKE,
Selectmen of North Hampton.

A true copy of the Warrant—Attest:

IRVING W. MARSTON,
HERMAN L. NORTON,
MELVIN P. LOCKE,
Selectmen of North Hampton.

We, the undersigned, having examined the books and accounts of the Treasurer of Trust Funds, certify them correct with proper vouchers.

EDWARD M. SMITH,

RAYMOND O. HOBBS,

Auditors.

REPORT OF LIBRARY TRUSTEES

During the past year fifty-six new books have been purchased and of these thirty-seven were fiction. The library now contains about 2800 volumes, of which about 1610 are fiction. We have made some changes in the list of magazines provided for the reading room, having added Good Housekeeping and the American Magazine.

During the past year a few ornamental shrubs have been planted on the library grounds and a little more work in this line may be advisable the coming year. We shall need to make some minor repairs during the year, and our item of "Miscellaneous" in the budget has been increased in order to cover expense of work named above.

The expenses for the past year were as follows:

Salary of librarian.....	\$100.00	
New books.....	136.04	
Magazines	24.25	
Fuel	22.00	
Lighting	13.51	
Insurance	38.75	
Improvements to library grounds...	69.20	
Miscellaneous	6.00	
		\$409.75

We estimate expenses for the coming year as follows:

Salary of librarian.....	\$100.00	
New books.....	200.00	
Magazines	25.00	
Fuel and lighting.....	75.00	
Repairs and miscellaneous.....	200.00	
		\$600.00

We therefore recommend that the above named amount of \$600.00 be raised for library expenses during the coming year.

EDWARD M. SMITH,
FRED L. DOW,
MARGARET B. SEAVEY.

H. J. PRATT, Chairman of School Board.	

REPORT OF THE SUPERINTENDENT

To the School Board of North Hampton:

I hereby submit to you my first annual report as superintendent of the public schools of North Hampton.

Assuming the duties of my office on October 1, 1925, I have barely had time to become acquainted with the schools and the community, to know the problems which the schools confront and to begin to study the best method of meeting those problems.

I find the town divided into two distinct school districts as far as elementary school children are concerned. The Little River district has in the six grades only pupils sufficient for one teacher. The Center district has enough pupils to require two teachers, each instructing three grades. All of the pupils of the seventh and eighth grades are accommodated in a third room at the Center building. This arrangement gives the teachers a fair number of pupils with which to work, although the classes at the Little River school are too small for the best of results. A class with less than four pupils and a school with less than twenty pupils cannot do for those pupils what a larger class and a larger school can do. Classes of one or two pupils lack the healthy rivalry and stimulation to effort which larger classes can give. In many respects it would be better for the pupils in the very small classes at the Little River school to attend the school at the Center. The pupils of the high school grades, 9 to

12, are sent to High Schools and Academies in other towns and their tuition paid by the Town. A list of the pupils in the high school grades follows this report.

The same teachers who taught at the Center School last year have been continued this year. This should be a decided advantage.

Several measures have been taken to increase the efficiency of the schools. An intelligence examination was given to all the pupils of the seventh and eighth grades. This gives the teachers a fair estimate of the ability of the classes and enables them better to fit the work of the different subjects to the ability of the class and in a smaller degree to the varying capacities of the individual pupils.

In an attempt to find out how our pupils' knowledge and skill in arithmetic compares with those of other towns and states, an arithmetic test was given to all pupils of the fifth, sixth and seventh grades.

Believing that the use of textbooks in spelling economizes the time of both teacher and pupil and knowing that most pupils learn to spell with the eye rather than the ear, textbooks in this subject have been provided for the pupils of grades three to six inclusive.

The issuance of monthly bulletins has been continued and a series of teachers' meetings has been begun to discuss school problems and improve the methods in use.

To stimulate a healthy rivalry and interest, weekly bulletins showing the standing of the 32 schols and seven districts in the Union have been issued. North Hampton schools have stood well in this regard.

To observe and suggest improved methods in discipline, management and instruction—classroom visits to North Hampton scholos have been made during the last four months.

Frequent inspection of the sanitary conditions of the buildings has been made. There is need of further improvement in the freedom of the school floors from dust.

I am glad to report an active Parent-Teacher Association in the Town. Through the efforts of this Association and cooperation of the teachers the Center School has started the serving of hot lunches, a needed convenience.

I would call your attention to the report of Dr.

Ward, the school physician, and urge parents to cooperate by heeding his suggestions for the improvement of the health of your children. Two forward steps need to be taken in this respect. First, the employment of a school nurse to follow up the work of the school doctor, instruct the pupils in health measures and advise the parents as to their duty in preserving the health of their children. Second, the continuance of the dental clinic. It is recognized that the proper care of the teeth is one of the most important of health measures.

Asking your continued cooperation in further work towards increasing the service and efficiency of the schools of North Hampton, I submit this report.

CHARLES N. PERKINS,
Superintendent.

REPORT OF THE SCHOOL PHYSICIAN

The third annual physical examination of the pupils of the North Hampton schools was made during the fall of the school year. It was indeed a pleasure to the writer to note the improvement that had occurred over the previous year. This improvement was especially noticeable in the children's teeth, as during the previous year a dental clinic had been established and Dr. F. E. Meader, of Wolfeboro, secured to do the work. Out of a total enrollment of 90, 31 pupils, or 34%, took advantage of the opportunity to have their teeth treated. Certainly co-operation on the part of the townspeople to this extent makes one feel that medical and dental work in the schools is fully believed in and appreciated. But it is only by constant repetition and follow-up work that results can be secured.

Respectfully submitted,
A. H. WARD, M. D.
